Chapter 1. Air Resources Board

Subchapter 8.5 Consumer Products

Article 5. Hairspray Credit Program

§ 94560. Purpose.

The purpose of this article is to provide a voluntary program, the Hairspray Credit Program, that rewards and provides an incentive for early compliance, and over compliance, with the second-tier hairspray standard of 55 percent volatile organic compounds (VOC) which is effective June 1, 1999, as specified in section 94509(a), Title 17, California Code of Regulations. The goal of the program is to benefit both the environment and the regulated entities. This program allows responsible parties for hairspray products to voluntarily generate surplus VOC emission reductions which may be certified by the Executive Officer as Hairspray Emission Reduction Credits (HERCs). HERCs may be used as an alternative method to comply with certain requirements of the California regulations for consumer products (sections 94500-94555, Title 17, California Code of Regulations).

This article is intended to ensure that all HERCs represent verified emission reductions that are real, permanent, quantifiable, enforceable, and surplus.
